segnare il punto di fissaggio sul muro.  
Hold the buckle in tension and take the measurement between the beginning of the glass and  
the crossing of the thick leather; mark the fixing point on the wall.

3

Fissare al muro la parte finale del perno superiore, per poi avvitare la parte più lunga dello  
stesso perno tra l'incrocio della fibbia in cuoio.  
Fix the final part of the upper pin to the wall, then screw the longer part of the same pin  
between the intersection of the thick leather buckle.

4

Mettere la fibbia dritta e fissare i perni laterali lasciati precedentemente allentati.  
Put the buckle straight and fix the lateral pins left slightly loose previously.
